

Back To Life

I was no winner
They treat me like a fool
Every loser feels alone
I'm not a sinner
Oh tell me what is cool
Babe this world was not my home, girl
I light a fire
Time after time
No one gets me down again
Find your desire
My sun will always shine
Oh everywhere I am
You can beat the rest
If you will try
Oh Babe you will be the best
Believe me that's no lie
You will know what's right
If you will try
Oh Babe I'll take you to the light
Believe me that's no lie

Back to life
It's time to fight – today, tonight – my Baby
Back to life
Come take a chance – don't stop to dance – my love
Back to life
Don't tear apart – come try a start – stand up – go
Back to life
Don't dream it – come do it – you will get it
Back to life

I was no hero
They treat me like a clown
Overnight I lost my pride
Count down to zero
Stop when you're feeling down
Oh don't hide the tears you cried, Babe
You get the chance, girl
Day after day
Be a fighter – stop the rain
It's not a tough world
Oh Baby come what may
Oh you can stand the pain
You're the number one
If you will try
Oh Babe if your fears are gone
Believe me you won't die
You will find your way
If you will try
Oh Babe I'll help you day by day
Believe me that's no lie
