Can´t Stand The Pain

Don´t tell me you can´t stand the pain
Don´t tell me your love is a dream - you dream with me
To be in love with you is such a shame
It´s all over now
Set me free

Girl I feel so sad
Love will drive me mad
Baby all I want is only you
Don´t be the Baby Cool
Babe I´m not your fool
How could an angel make me blue
You can bring me down
But I´m not your clown
Baby you´re the one I´m living for
And when your love is gone
How can you be so strong
No one will love you more
Oh I´m crying – babe I´m dying
You´re my sweet, sweet love
Don´t say never: "Dream your dream"
Baby it´s hard enough

Can´t stand the pain –
why did you leave me here in the rain
Can´t stand your lies, oh Sady
I never pay the price, my Lady

There´s no heaven, there´s no heart and she´s a liar
I´m tossing and I´m turning in my sleep
There´s a lover, there´s a real desire
Baby silent waters run so deep – you´re so sweet

You´re so cool as ice
And I´m hypnotized
When I see your body next to mine
It´s tearing me apart
When you break my heart
We´re dancing at the edge of time
Love is like a kick
Never play this trick
Every night I see your painted smile
Your life is full of pride
Where did you sleep last night
Baby stop for a while
Oh I´m crying – babe I´m dying
You´re my sweet, sweet love
Don´t say never: "Dream your dream"
Baby it´s hard enough
