

## Dr. No

Who's Dr. No  
Some people let me know  
Be careful  
What has he done  
A man was on the run  
Baby he is cruel  
Stop – danger zone  
An island is his home  
Called Crab Key  
Light blue lagoon  
A world behind the moon  
Like a mystery  
Your kiss in the twilight time  
A dragon creeps around  
Close your eyes – Baby wait and keep quiet  
When you hear the sound

Doc, Dr. No has a plan  
Baby he's a dangerous man  
It's a trick – can't you see  
It's a fight for mastery  
Doc, Dr. No – he's insane  
And he plays a crazy game  
Send an S.O.S. Babe  
It's not too late

Dr. – Dr. – Dr. No  
He attacks you – don't you know  
World in danger  
Don't give up – it's time to go  
Dr. – Dr. – Dr. No  
Midnight fighter – stop I know  
He's a gangster  
Run and hide – it's time to go

Who's Dr. No  
A young girl lets me know  
He scared men  
Baby it's time  
Oh he commits a crime  
And he plans again

A soldier by your side  
Baby can you see  
Your kiss in the twilight time

Close your eyes – Honey Rider keep quiet  
He will rule the world
