

Gambler

Don't do that to me – I'm no loser
I broke all the rules for your smile
Babe I was never a boozer
Don't mistreat me – hey I'm not vile
Don't do that to me – he's no hero
Babe oh you skate on thin ice
Why can't you see – he gives nothing for free
Oh Babe such is life – c'est la vie
You were on my mind
And you were so hard to find
But I need no piss take
Your love was a mistake
Oh Baby you're just a fake

Don't be a gambler
Don't play silly games
Who is the liar
You tell me lies – my heart is crying
Don't be a gambler
Why did you complain
You break your promise
I don't pay the price – my love is dying
Baby stop to tell me lies
Don't play your silly game
I'm tossing – I'm turning
I cannot stand the pain
Every night and every day
You pushed me down and down
It's over – all over
I'll never be your clown

Don't do that to me – I'm no sinner
I have sold the world for your heart
Baby he's not a real winner
You know it's too late for a start
Don't do that to me – I'm no dreamer
And why did you cheat me again
Hey can't you see – it's your own destiny
Oh Baby goodbye – c'est la vie
You were my delight
But this love was like a fight
And I need no heartache
This love was a mistake
Baby you're just a fake
