

Les Yeux De L'Amour

Every Day – every night
I remember your sweet love
Come what may – I can't hide
Oh I'll never get enough
Time will go – time will come
Love is really hard to find
Yes I know – when you're gone
You are always on my mind
From the moment when I saw you, girl
I fell in love with you
I feel your love heat in the nighttime, Lady
I'm crazy

Les yeux de l'amour – the eyes of love
We had a dream – I'm dreaming of
Now and forever
Les yeux de l'amour – your magic eyes
We had a date in paradise
Love is emotion – sweet devotion
Les yeux de l'amour – can you feel my love
Les yeux de l'amour – what I'm dreaming of
A memory in blue – oh I love you
Les yeux de l'amour – I will run to you
Les yeux de l'amour – see what love can do
Every night I'm dreaming of – your eyes of love

Love is real – love is true
Girl you took my heart away
Do you feel – like I do
When you dream of yesterday
From the moment when you said goodbye
I never loved again
I'll hear your heartbeat for a lifetime, Lady
Oh may be
