

Sexy Ann

It's not easy
Every night I'm missing you
It's a symphony in blue
Don't say never and never – love is what you feel to me
It's not easy
I read the book of history
Baby it's a mystery
Oh forever and ever – love is what you mean to me

Sexy Ann – I miss you
Sexy Ann – I kiss you
You break my heart – don't do that
You break apart - don't break apart
Oh you can run but you can't hide
There's a heart deep down inside
Sexy Ann - Sexy Ann
Be my Lady tonight

It's not easy
Love is such a lonely dream
Baby when the moon turns green
Don't say never and never – love is when you smile to me
It's not easy
Miss you more oh day by day
Love is just a breath away
Oh forever and ever – love is when you dream to me
