

Take My Love Again

Babe you touched my heart
I wanna try a brandnew start
Don't you miss me, girl
Can't you feel my love
I never gonna give you up
Baby you're my world
It's a Hale-Bopp night
When you held me tight
You're the queen of hearts
Don't you see my love
I cry for the moon
Please come back to me

Take my love again
Whatever will be I want you
You're the one I'm living for
Oh I love you more than more
Take my love again
Wherever you are I miss you
All I ever need is you
Babe you made my dreams come true

Babe I'm feeling down
My world had never turned around
When you left me, girl
Baby Beautiful
Come be a dreamer, I'm your fool
Oh don't ruin my world
Come on take my hand
Love me in the sand
Babe I miss your smile
Have you seen my tears
I cried for your love
Please come back to me
