

All that I need

I walked a million miles - I missed you a million times
And for my love you will be there - be mine tonight

You're deep inside my heart - Oh I'm a prisoner of love
And if I ever have the chance - to love you and find your love

You're all that I want - you're all that I need
All that I feel and all that I please
You're all that I want - you're all that I need
till the end of time

You're all that I want - you're all that I need
All that I'm longing for you're are my believe
You're all that I want - you're all that I need
till the end of time

The night was dark and cold - You know I've waited for so long
To see your pretty smile - nothing goes wrong

You're all that I want - you're all that I need
All that I feel and all that I please
You're all that I want - you're all that I need
till the end of time

You're all that I want - you're all that I need
All that I'm longing for you're are my believe
You're all that I want - you're all that I need
till the end of time

I am you and you are me
We are we but we can't see
Will you still believe in me
When I am old and on my knees
Will we ever have the time
To spend our lives
and be together

You're all that I want - you're all that I need
All that I feel and all that I please
You're all that I want - you're all that I need
till the end of time

You're all that I want - you're all that I need
All that I'm longing for you're are my believe
You're all that I want - you're all that I need
till the end of time
