

Calling Lady Loraine

One moment in heaven – one time in memories
A lifetime of dreams – you're gone away
I miss you like crazy in nighttime fantasies
From here to eternity – come back to me – my heart
You leave this love behind
You're in my mind
Love is so kind
And hard to find

Calling – I'm calling
my Lady Loraine
Love is emotion – devotion
I cannot explain
It's like a fire – desire
I'm calling your name
Tonight I'm lonely my Lady Loraine

One summer in heaven – one time in history
A shadow of love – she leaves L.A.
I'm tossing and turning – this night is killing me
Oh she's my majesty – my destiny – my love
You told me it's the end
Come take my hand
Your heart will mend
Please understand
