

## Gimme Gimme

Hey You  
Don't be a fool  
Just stay as you are  
My little pretty star  
Hey You  
Don't listen to what people say  
Just stay on your way  
You'll never be lonely anymore

Gimme Gimme Gimme  
Your sweet love forever  
Gimme Gimme Gimme  
Your tender heart forever

Hey you  
Don't be so scared  
Never be afraid  
I'll always be by your side  
Hey You  
Don't take care of your fame  
Please keep the flame  
You'll never be lonely anymore
