

## Magic Mystery

I walk the lonely street  
It's a rainy night in heaven  
See her smile so bittersweet  
Angel singing at eleven  
We sail to the last rainbow  
On the wings of great emotions  
Years may come and tears will go  
And we're burning in devotions  
Tell me love is not a dream  
Tell me when the moon turns green  
You're my lover – love will find a way

She's my magic mystery  
Baby it's the time for you and me  
Oh Marilyn's dream  
A love movie scene  
We live tonight  
I'll break the golden rules for you  
My greatest dream - you make it true, oh baby  
Love is hard to find  
It's a long, long way  
Miss you everyday, my love

She's my sexy lover  
Just lying next to me  
And there will be no other  
She's my magic mystery  
Tell me love is not a game  
Tell me in the midnight rain  
You're my lover – love will find a way
