

## Ninety five

Oh I got a bad desire on the days when we were free  
And as you know that we are here - I hope you agree  
Changing all of our emotions - we were dancers in the wind  
Now I know that we are here - we have learned to begin

Come follow me into - into the year of '95  
Come on bring me into- into the year of '95  
Come on follow me into - into the year of '95

And the days of our desire seemed they're gone with the wind  
But we fell in love again - I can't tell you that I'm in  
Run around with mixed emotions, 'cause a heart just broke in two  
Now we're chasing our dreams but the story feels so blue

Come follow me into - into the year of '95  
Come on bring me into- into the year of '95  
Come on follow me into - into the year of '95

We walked in the shadows above  
Asking if there will be love  
I can't be holding on  
Dreamers not weed of the ground

Come on bring me into- into the year of '95  
Come on follow me into - into the year of '95

We walked in the shadows of love  
Who knows if we will give up  
How could this love go on  
When no dreamers will be around

On the days of bad desire - on the days we've been free  
Now you know that we are here - and I loved you to agree?  
We have changed all our emotions - we were dancers in the wind  
now because of that we're here - were we learned to begin  
we learned to begin - we learned to begin

This is not a neverland - no - we learned to begin....
