

Heaven & Hell

A time full of anger
And we're in danger
Oh it's a life in grey
It's not an illusion
We're in confusion
Oh every night and day
And the act of humanity is like a crime
It's a thrill – the folks are ill – I swear

Heaven and hell
Is the world we're living in
It's a life of pain and sin
Baby and we are in between
Heaven and hell
Now it's time for love – come pray
And we get it right one day
You know we got the chance to build a better world
Baby never say never
We're stronger together
It's a dream of freedom
Oh never say never
Come help us forever
Hand in hand for love

We need more compassion
It's no obsession
Oh there will be no end
A secret delusion
It's no elusion
Oh no one will defend
And the dream of humanity will not survive
It's a thrill – the overkill – I swear
