

## Only you can break my heart

I met you by surprise  
and your mystic blue eyes  
make up my mind  
and made me so blind  
they change my life babe  
they changed my heart lady

Life is so strange sometimes  
I was wasting my time  
and just taking to you  
make me crazy about you

Oh I want thoses mystic blue eyes  
they can tell me any lies

Only you can break my heart  
without you I'll never be the same  
only you can love me right (babe)  
only you can break my heart  
without you love is just a game  
only you can love me right (babe)  
I won't see you again  
and you don't know my pain  
women is the men best friend  
and I need your lonely hand  
can you hear my pray  
can you make my day

I was feeling brand new  
just taking to you  
deep emotion in my heart  
beating somewhere in the dark

Oh I want thoses mystic blue eyes  
they can tell me any lies
